Is This Why English Beauties Are So Fair?

(From London Herald.) Ever since the discovery that mercolleged wax would absorb and remove a
solled complexion. Its use by ladies as a
substitute for tollet creams has grown
rapidly. A perfect complexion can be
maintained indefinitely if this remarkable substance is used. Its beneficent
cleansing clearing and preservative action, is quickly apparent, and ladies
who have been paying as high as a mercolized wax outranks them all. It has become ap popular that it can be obtained at all chemist shops in the British Isles. American druggists also have great demand for it. In original one-ounce packages. The favorite way of using it is to apply it like cold cream before retiring, washing it off in the morning.

PREPARING SCHOOL LUNCHES. The child who is allowed to eat a when he should be studying, is surely not a well-nourished child. It makes There will be a C. E. sociable at period, and the amount of brain work trated effort usually follows the lunch accomplished is largely dependent upon the ease with which his lunch

is digested. Every boy and girl from these two extremes has at some time or other a desire for sweet and sour food, and both of these may be perfectly satisfled with no harm done if a few

minutes' time is given each day by a responsible, intelligent person on the food for the lunch basket.

I was a kindergarten teacher for 8 years and supervisor of kindergartens ited the last of the week with Miss Mil. part of that time. The lunches for the children was one of my most serious Leland Boyles is visiting at Gibson, problems. Why? Well, in the first place, too much was put into the bastle folks comes usually about 10 regular luncheon hour, an apple, ba-Mrs. A. P. Nichols returned home nana, orange peeled, separted in secple, combining the sweet and sour; a tart sandwich and a bit of sweet chocolate. All fruit should be quartered and cored and with sandwiches wrapped in oiled paper. Cookies and gingerbread may be substituted once

Another difficulty which kindergartners frequently met was the detire of the children to trade lunches. That should not be permitted unless the teacher does the trading, and then. only when she understands exactly what each individual child should

pares the lunch. So much for the young ones, but the older ones cannot go home but must have their luncheon at school five days a week. There should be a To determine if the township will list of many varieties of sandwiches, only putting down those which are nourishing and especially liked by the children. Whole wheat bread and but-

Sandwiches spread with jam and nut meats pressed into each slice are very satisfying, and if cut round or oblong and wrapped in parafine paper often taste a lot better for the extra thought in their preparation.

Green food is required the year round and mothers should not forget luncheon which takes all the efforts it. Lettuce, parsley, onlons, tomaof the digestive organs to digest it toes, celery, cabbage, radishes and cucumbers all furnish in large quantities the necessary salts for the human body. The lack of these and whole wheat bread is more often the cause of poor teeth than too much candy.

Lunches should be changed with the weather. As cool weather comes on more sugar and fat are demanded than on hot summer days because odditanal heat must be generated to keep warm, and when the fresh fruits are not in season use dried fruits such as figs, dates and raisins served plain or baked in bread and cake,
